RECOVERY IS ASSURED.

Condition of Mr. G. F. Bowerman Greatly Improved.

It was reported today that Mr. George F. Bowerman, librarian of the Public Library, who has been quite seriously ill for about week, is in a greatly improved condition, and his prompt recovery is assured by the attending physicians. Mr. Bowerman was at his regular post at the library until the latter part of last week, when he was taken ill suddenly and was removed to Garfield Hospital. The surgeons discovered the patient was suffering from an internal abscess, and an operation was performed to relieve the condition Monday. From the resultant shock Mr. Bowerman rallied rapidly, and his excellent constitution is said to be standing him in good stead in the fight for complete recovery.

News of the librarian's illness was a shock to a wide circle of friends, many of whom had seen Mr. Bowerman in his usual robust health only a short time before he was compelled to relinquish his post at the library. Each day has brought a host of anxious inquiries to Mrs. Bowerman and to the library, and the cheering information today that Mr. Bowerman is out of danger has been received with general
